

# Connecting to AnyDesk at GSI for AIDA

## Installing AnyDesk

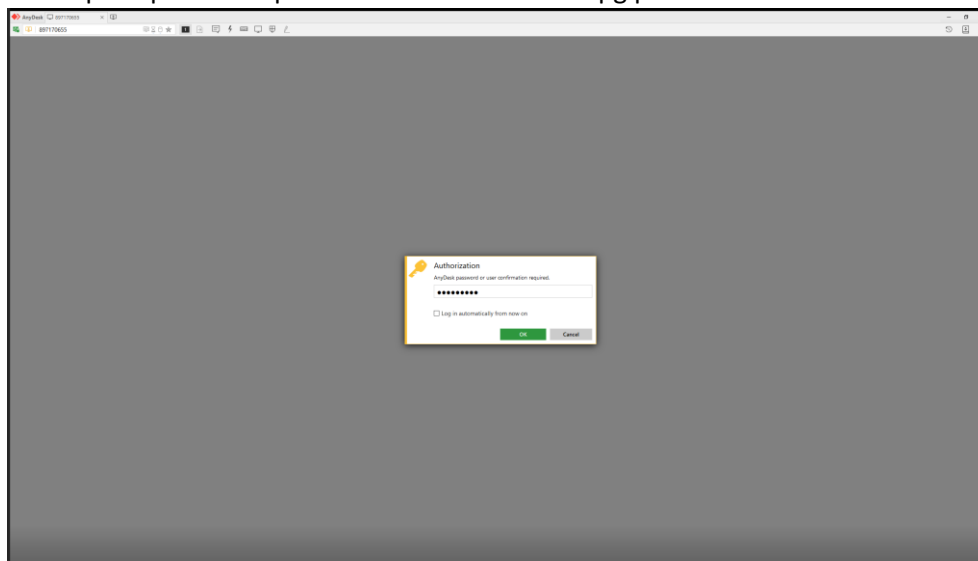

- 1- Download the latest version for your machine at <https://anydesk.com/en>

## Connecting to AIDAS-3

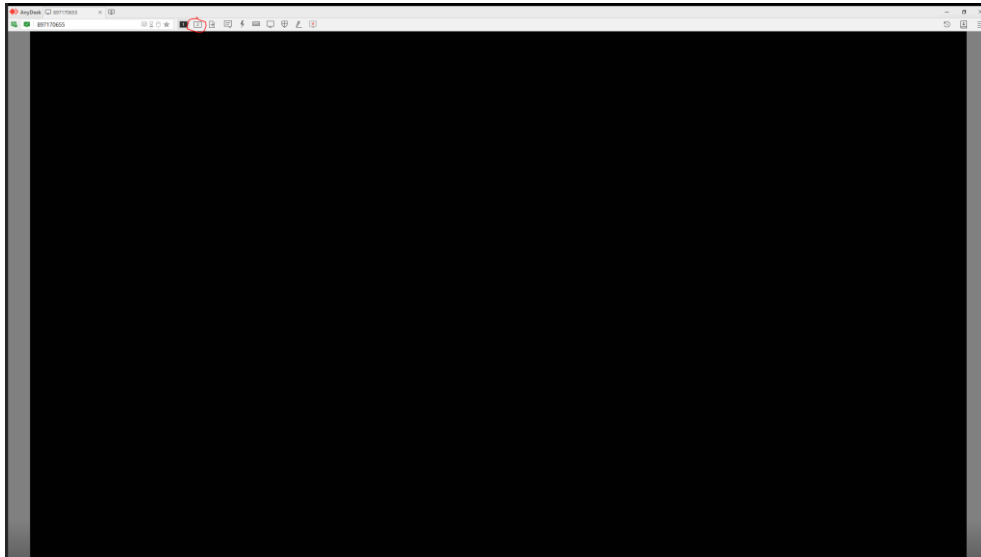

- 1- Select connect to remote desk and enter number 897170655

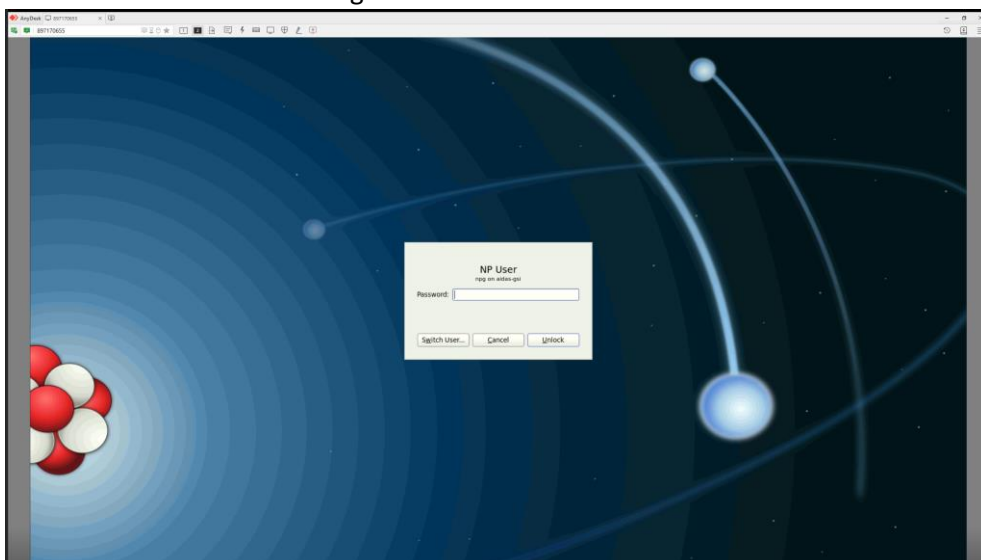

- 2- When prompted for a password enter the usual npg password with the number 24 at the end

- 3- Upon logging in you may be faced with a black screen. This is the lockscreen. To log in switch your view to the other desktop using the button in the top panel

- 4- You should now be able to log in like normal.

- 5- Display settings can be chosen from the top menu bar.
